Bed Prep Rake
Assembly Instructions

7080

7030 E 46th Avenue Dr, Denver, CO 80216, United States
support@hensleyseeds.com | hensleyseeds.com

PARTS INCLUDED
- Wooden Handle

Model
- Rake Head without support arms (folded for shipping)
- (1) #8 x ¾" screws

Model
- Rake Head with support arms (folded for shipping)
- (2) #8 x ¾" screws

REQUIRED FOR ASSEMBLY
- 6-Point Box End Wrench or Socket Wrench, Size 10 mm
- Phillips Head Screwdriver

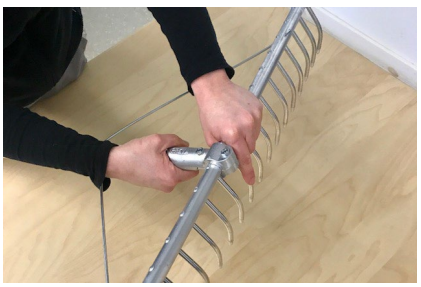

ASSEMBLING YOUR RAKE FOR BOTH MODELS

1. Fasten the rake head to the handle using the ¾" wood screw provided.

2. Loosen the bolts on the top of the rake head so you will be able to adjust it to your desired angle. Note: Exact wrench size is recommended to avoid stripping the bolts.

3. Adjust the rake head to your desired angle and tighten bolts to hold it in place.

Note: You may want to bring a wrench to the garden with you and experiment until you find the most comfortable setting for your body type and the job you are performing.

For Model

4. Fasten the support arms using the remaining ¾" wood screw and a Phillips head screwdriver.

(Model does not have support arms.)
