PAPERPOT DROP SEEDER PLATES COMPARISON CHART

Paperpot Drop Seeder

Seed an entire Paperpot tray in seconds. Drop seeder system comprised of interchangeable plates that sit within a frame. Clear plexiglass plates for easy alignment over Paperpot cells. Only compatible with 264 cell Paperpot trays and chain pots. **Frame and plates sold separately.**

Paperpot Seeder Frame

Skip Plate

Skip Plates are used to seed every other cell, allowing you to double the in-row spacing of the chain pots used.

Paperpot Drop Seeder Plates
