Transplant Caddy
Assembly & Use

7030 E 46th Avenue Dr, Denver, CO 80216, United States
support@hensleyseeds.com | hensleyseeds.com

Parts list:

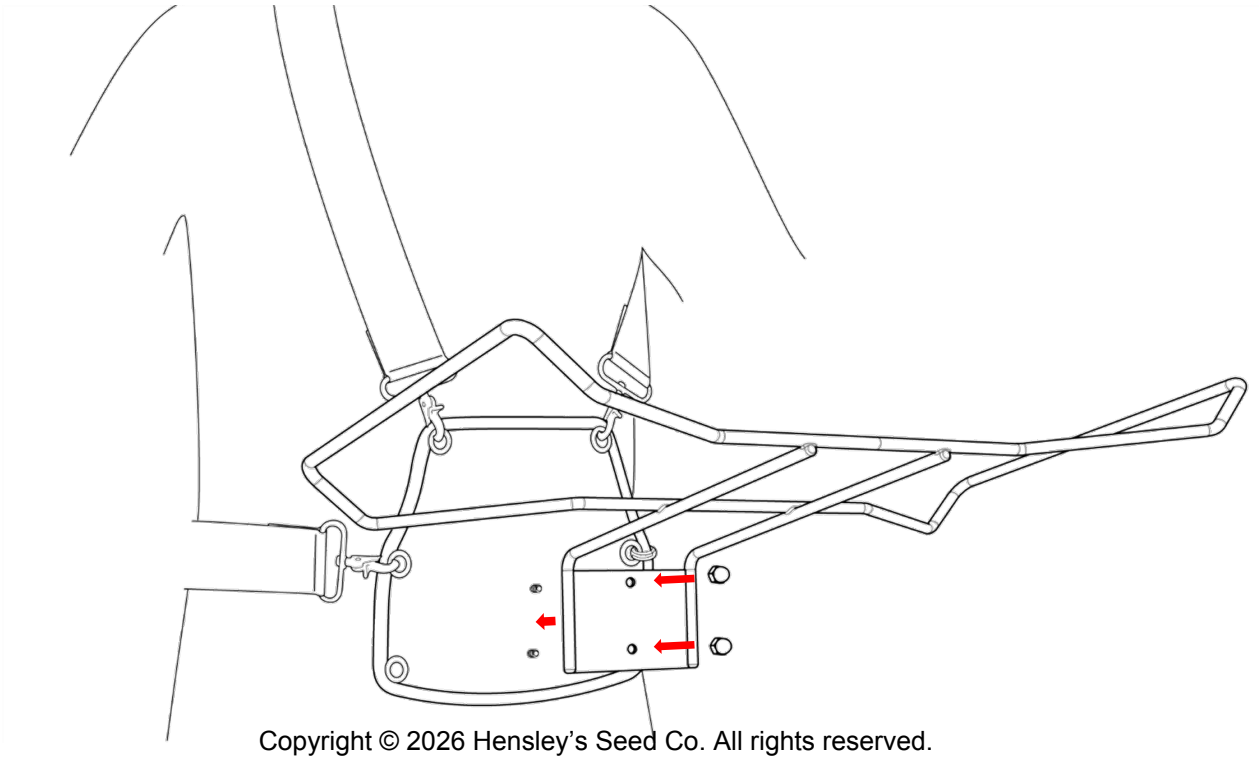

A. (1) Backer Plate
B. (1) Rod Support
C. (2) ¼-20 Acorn nuts
D. (1) Shoulder Strap
E. (1) Waist Strap

Assembly & Use Instructions

1. Attach the Rod Support (B) to the Backer Plate (A) using the two Acorn nuts (C).
2. Clip the Shoulder Strap (D) to the upper grommets of the Backer Plate (A). Wear it over one shoulder and adjust to put the tray at a comfortable access height.
3. Wrap the Waist Strap (E) around your back and clip into either grommet height of the Backer Plate (A) for the most comfortable position. Adjust it to remain snug to your body.

NOTE: Attaching one end of the Waist Strap (E) to a higher grommet and one end to a lower grommet will enable a forward tilt of your tray of transplants.
